Corporate Profile

Advantage Environmental Services, Inc. An environmental remediation and hazardous waste disposal company headquartered in Wauchula, FL. The U.S. Small Business Administration (SBA) has certified Advantage as 8(a) and HUBZone; Advantage is a women-owned, minority business enterprise. Established in 1994, Advantage’s revenue has grown from two hundred thousand dollars in its first year; we currently manage individual contracts in excess of one million dollars.

Advantage provides a full range of environmental services. These include:

- **Remediation** Underground and aboveground storage tank removal and installation, groundwater and soil remediation system installations
- **Recycling** Packaging, shipping and disposing of lamps, batteries, electronics and mercury devices
- **Waste Management** Transportation and disposal of hazardous and non-hazardous wastes
- **Construction** Demolition, general excavation and grading.

Advantage brings the experience, ability and know-how to complete large and small-size projects. We offer a wide range of on-site and off-site disposal alternatives for both government and private facilities. Advantage provides transportation services for all waste streams; utilizing state-of-the-art disposal technologies, including in-situ treatment, recycling, fuel blending, wastewater treatment, incineration and landfill.

What sets Advantage apart? First, our record of excellent customer satisfaction. Plus, a proven ability to retain a team of dependable, highly qualified professionals that combine for over 80 years of management and environmental expertise. This team commits itself to complete projects within budget and on time — using innovative ideas, products and resources. State-of-the-art online databases track project flow. To ensure project safety, each field employee has knowledgeable of EPA/DOT regulations and has undergone a minimum of 40 hours HAZMAT training.

Advantage is certified as a Minority/Woman Business Enterprise (M/WBE) and a Disadvantaged Business Enterprise (DBE) by the following agencies:

Remediation

Advantage manages environmental remediation projects from the early planning stages through finished installation, operation and closure.

Advantage

- Offers over 20 years experience and knowledge of Remediation Services: techniques, protocol, and regulations
- Is a State of Florida licensed certified Pollutant Storage Contractor
- Is certified to remove and/or install tanks within the Southeast Region of the United States
- Will prepare a Site Specific Health and Safety Plan for all storage tank activities
- Employees receive 40-hour OSHA training, confined space training and specialized training in PPE, respiratory protection and air monitoring
- Monitors each phase of projects; does not close a project until clients are completely satisfied with the results
- Has completed more than 1,500 Remediation Projects within the past five years; ranging from \$ 1,000 to over 1.5 million

Capabilities

- Underground Storage Tank Removal and Installation
- Above ground Storage Tank Removal an Installation
- Authorized ConVault Dealer
- Dewatering System Installation
- Excavation/Loading of Contaminated Materials
- Fuel Tank Maintenance
- Groundwater and Air Sparging System Installation
- Documentation Preparation

Recycling

Advantage provides an easy solution to recycling lamps, batteries, electronics, mercury devices. We're a one-stop recycling center, providing materials needed to package and ship your recyclables. Advantage also issues certificates of disposal.

Advantage's Guide to Recyclables

How to Package*	<p><i>Non-leakage:</i> Cardboard Boxes, Steel Drums, and/or Pails</p> <p><i>Leakage or damaged:</i> Poly Drums or Sealed Fiber Buckets</p> <p><i>NOTE: Give special attention to high voltage batteries (i.e. apply tape to battery contact to avoid accidental discharge)</i></p>	In replacement lamp boxes, fiberboard, drums, buckets, steel/poly drums, cardboard boxes	First in a sealed plastic bag, then placed in a sealed pail or steel/poly drum	See shipping instructions below
Shipping and Pick-up	<p><i>Small quantities:</i> Advantage will provide prepaid shipping packages</p> <p><i>Larger quantities:</i> Advantage will arrange to pack and/or pick-up</p> <p><i>NOTE: Large quantities should be shipped in 55 gallon steel or fiber drums</i></p>	<p><i>Small quantities:</i> Advantage will provide prepaid shipping packages</p> <p><i>Larger quantities:</i> Advantage will arrange to pack and/or pick-up</p>	<p><i>Small quantities:</i> Advantage will provide prepaid shipping boxes</p> <p><i>Larger quantities:</i> Advantage will arrange to pack and/or pick-up your recyclables</p>	<p><i>Small quantities:</i> boxes or smaller crates (individual pieces are also acceptable)</p> <p><i>Larger quantities:</i> Palletized, then shrink wrapped</p>

Waste Management

Advantage offers experience and understanding of the pertinent legal, social, economic, and regulatory issues of waste management; making us a good fit for institutional, commercial, government agency, medical and light industrial applications.

Advantage

- Brings over 20 years expertise of management and examination of hazardous waste
- Understands the requirements to ensure corrective action is taken in the packing and disposal of materials
- Partners with licensed and insured hazard waste transporters
- Has set the highest standard of customer service by implementing a pro-active calling program to confirm scheduled pick-ups
- Has established long-term business relationships with the major hazard waste treatment and disposal facilities
- Has established long-term business relationships with numerous environmental waste generators; including government agencies, colleges, hospitals, industrial businesses
- Has, over the past five years, transported and disposed of thousands of drums and lab packs of hazard and non-hazard waste

Capabilities

- Transport and disposal of hazardous and non-hazardous wastes
- Bulk and drum shipments
- Lab packs
- Chemical ID
- Unknown waste identification
- Document preparation
- Environmental health and safety compliance audits

Construction

Advantage provides construction services on small to medium-sized contracts. Our ability to effectively manage multiple, simultaneous projects, our location and multidisciplinary resources make Advantage the best choice for construction contracts.

We have extensive expertise and experience in demolition of facilities contaminated with asbestos, lead and other hazardous substances.

Advantage

- Over the past five years, has focused on expanding construction demolition services
- Executes projects with strict adherence to OSHA, EPA, federal, state and local regulations and in full compliance with our corporate safety program
- Utilizes state of the art equipment and experienced operators to ensure each demolition project is managed with the highest level of efficiency and safety
- Has the ability and resources to manage projects ranging from small residential structures to multi-story buildings
- Properly separates concrete and metals recyclables from C&D landfill materials
- Ensures demolition sites are restored to contract specifications
- Has completed construction projects for local housing authorities, school boards and others

Capabilities

- Structural demolition
- Selective demolition
- Recycling construction materials
- General excavation and grading
- Asbestos/Lead abatement

Key Personnel

Our qualified and motivated employees meet and exceed client expectations.

Teresa A. Nixon, Project Director

Teresa Nixon brings a comprehensive set of leadership and management skills, along with clear insight and vision to Advantage Environmental Services, which she founded in 1994. At Advantage, Ms. Nixon has directed project planning and execution for government agencies and private sector businesses throughout the Southeast; she has managed contracts in excess of one million dollars. Ms. Nixon has assisted and been actively involved in developing and setting up Waste Management and Remediation programs for multinational companies.

Among her roles and responsibilities at Advantage: staff/management performance, evaluation of operations, contract development, project planning, controls, administration, compliance, schedule delay and others. Ms. Nixon has significant experience in the fields of Hazardous and Non-Hazardous Waste Management. Her specific project management experience includes: waste management, excavations associated with remedial activities, underground and aboveground tank installation and removal, lab pack chemistry, structural and selective demolition, customer service and sales.

Before founding Advantage, Ms. Nixon has held several positions at hazardous waste treatment, storage, and disposal firms in Florida and North Carolina, including the National Institute of Environmental Health Services. Ms. Nixon's education and certification include Bachelors of Science, Lenior Rhyne, NC, and 40 Hour HazWoper Certification for work associated with Hazardous Waste Sites.

John D. Terrell, Operations Manager

John Terrell has twenty years of experience in the fields of Hazardous and Non-Hazardous Waste Management. Mr. Terrell joined the Advantage Environmental Services team as Operations Manager in 2000. Early in his career, he became a certified installer for aboveground and underground tanks, piping and containment systems. During the twelve years prior to his employment with Advantage, Mr. Terrell held several positions as Supervisor and/or Project Manager for demolition and construction crews for tank systems and remediation projects. He managed these projects for the United States Air Force, Corp of Engineers, Department of Transportation, and the Commercial Auto Parts and Commercial Food Industry. Mr. Terrell maintains a 40 Hour HazWoper Certification for work associated with Hazardous Waste Sites.

Sarah Chambers, Compliance/Health and Safety Manager

Ms. Chambers has a Bachelors Degree in Chemistry from Florida Southern College and is a Registered Environmental Manager (REM) with the National Registry of Environmental Professionals (NREP). She has worked for phosphate, electronics, electrical equipment and explosives manufacturing facilities. Her previous experience includes environmental consulting across many other industries, including automotive and chemical manufacturing. She has accumulated over 20 years of managing environmental, health and safety concerns. At Advantage, Ms. Chamber's responsibilities include handling environmental, health and safety programs. These may involve Hazard Communication, Injury and Illness Prevention, OSHA Recordkeeping, OSHA, EPA, DOT Compliance Training, Job Safety Analysis, Risk Management, Ergonomics Analysis, Hazardous Waste Management, Water/Wastewater/Storm Water Management, Air Pollution Control, Emergency Response and Contingency Planning.

Florence M. Marino, Project Manager

Ms. Marino has over 35 years of experience in managing operations and processes in high-technology companies, including: development of diverse start-up units, project management in directing the delivery of products/services to large clients, providing client and operational support for numerous acquisitions, as well as, on-going account management responsibility for client revenue retention. During Ms. Marino's career she held senior management positions in several large financial institutions and software companies. In this position she will directly assist Ms. Teresa Nixon in projects designed to streamline and improve workflow, ensure customer retention and satisfaction and to recognize and maximize new business opportunities.

Karen Nixon, Accounting Manager

Ms. Nixon has a Bachelor's degree in Accounting from the University of North Carolina, Greensboro, NC and an Associates degree from Alamance Community College, Haw River, NC. Ms. Nixon joined the Advantage Environmental Services, Inc. team as Accounting Manager in 1999. In this position she is responsible for the financial management of account payables, account receivables, and collections and preparation of the company's financial statements. During Ms. Nixon's 28 year career in the financial industry she has managed the financial aspects of start up businesses, managed customer accounts for a large manufacturing company, completed the education required to be certified in tax preparation and has credentials that certify her as an industrial accountant.

Julie A. Hipp, Customer Service Manager

Ms. Hipp has eleven years of experience in the fields of Hazardous and Non-Hazardous Waste Management. Ms. Hipp joined the Advantage Environmental Services, Inc. team as Customer Service Manager in 1995. In this position she is responsible for managing all functions that require removal of drum or bulk waste materials by ensuring the pick-up and disposal of all materials are handled in a timely and proper manner. This includes identifying and scheduling the most cost effective and reliable transporter and disposal facility, profiling new waste streams, working with disposal facilities and labs to analytical waste samples, generating manifests and processing invoices. Ms. Hipp maintains frequent communicates with her clients to ensure customer satisfaction and works closely with field operations in organizing and scheduling activities for on-site projects.
